

Cockshutt cum Petton Parish Council

STATEMENT OF INTERNAL CONTROL

Scope of Responsibility

Cockshutt cum Petton Parish Council is responsible for ensuring that its business is conducted in accordance with the law and proper standards, and that public money is safeguarded and properly accounted for, and used economically, efficiently and effectively. In discharging this overall responsibility, the Council is also responsible for ensuring that there is a sound system of internal control as required by Section 2 of the Annual Return – Annual Governance Statement.

The Purpose of the System of Internal Control

The system of internal control is designed to manage risk to a reasonable level rather than to eliminate all risk of failure to achieve policies, aims and objectives. It can therefore only provide reasonable and not absolute assurance of effectiveness.

The system of internal control is designed to ensure that the Council's activities are carried out properly and as intended. This includes oversight that the Council is acting within its powers and is compliant with legislation. Internal controls are determined by the Clerk in his/her capacity as Responsible Financial Officer but it falls on the Council to ensure it has approved the controls and monitors their implementation. Monitoring will include the checking of routine financial procedures: the examination of financial comparisons, the recording of assets and liabilities, the identification, evaluation and impact of risks and to manage them efficiently, effectively and economically.
