DESCRIPTION OF WORK

Jubilee Field & Recreation Area - Grounds Maintenance Specification

1. General open grass area

- Maintain the open grassed areas of Jubilee Field by regular grass cutting.

- Cutting to take place fortnightly, where weather and ground conditions permit, between March and October inclusive.

- Allow approximately 17 cuts per season.

- Grass to be left in a neat and tidy condition, with cuttings collected or dispersed appropriately.

2. Wildflower meadow – north-west end Jubilee Field

- An area of approximately 1,000m².

- Excluded from the regular fortnightly grass-cutting programme.

- Cut once annually, ideally in late summer or early autumn, after wildflowers have had an opportunity to flower and set seed.

- Remove cuttings following the annual cut to help maintain the meadow.

3. Open sports area

- Maintain the open sports area, including the football pitch, through regular grass cutting.

- Cutting to be undertaken fortnightly between March and October inclusive, subject to weather and ground conditions.

- Allow approximately 17 cuts per season.

- Ensure the playing surface is maintained in a safe, tidy and usable condition.

4. Children's play area

- A small, fenced children's play area situated nearest to the Hall.

- Maintain the grass within the fenced area through the fortnightly cutting programme.

- Allow approximately 17 cuts per season.

- Ensure grass cuttings are cleared from play equipment, paths and other hard surfaces.

- Take care around play equipment and fencing.

5. Parish Council track

- Maintain the track owned by the Parish Council.

- Preserve clear and unobstructed access along the track, recognising the existing public right of way.

- Keep vegetation trimmed back where necessary to ensure safe passage for pedestrians.
